

# ASSEMBLY INSTRUCTIONS

## 59265 - CLEO BEDROOM SINGLE

Please read instructions carefully. Remove all wrapping material, staples and packing straps from the carton. See hardware and furniture parts list for guidance. Be sure you have all parts before you start assembling. Place all wooden furniture parts on a clean flat soft surface, such as carpet or rug to prevent from being scratched.

The diagram illustrates the first step of assembly: hand-tightening bolts. A hand is shown turning a bolt, labeled 'A', into a metal plate. A circular callout provides a closer view of the bolt being tightened, with the instruction 'Do not fully tighten.' Below this, a perspective view shows two metal plates, labeled ① and ②, being joined. Plate ① is a rectangular plate with a grid of slots, and plate ② is a long, narrow plate. Both plates have pre-drilled holes for the bolts. A legend in the bottom left corner shows a single bolt 'A' and indicates that 8 pieces are required.

### STEP 3

This diagram illustrates the third step of the assembly process. It shows a bed frame with a headboard and footboard. A second layer of slats is being placed on top of the first layer. An arrow points down to the second layer of slats, which is labeled with a circled '4'. A label 'Velcro' with an arrow points to the connection between the two layers of slats, indicating that they are secured with Velcro straps.
